## Where Healing Truly Begins

Some hearts are tired of advice.

Some minds are full of noise.

Some souls are just waiting... for a gentle space to land.

At **SoulNest** 🌐, I offer sacred listening and intuitive guidance for those moments when speaking feels too loud—but silence feels too alone. Whether you prefer a quiet chat, a sacred card pull, or a divine message, you are held here.

---

## What Is SoulNest?

A *digital sanctuary* for emotional support, spiritual clarity, and sacred guidance.

You don't need to explain everything.

You don't need to be "ready."

You only need to *arrive* — as you are.

Here's how I hold space for you:

---

## 1. Sacred Listening (via Chat or Call)

Not everyone feels safe on a video call. That's why I offer warm, intuitive **chat-based sessions** — where your words are honored, never judged.

You can begin your journey through:

- Safe, private WhatsApp chat
- Gentle, one-on-one emotional guidance
- A call only when you're ready

## 2. Tarot Pulls – A Mirror for the Soul

When logic doesn't answer your longing, the cards speak.

My single or multi-card tarot readings offer:

- Emotional clarity
- Spiritual insights
- Next steps guided by intuition

Ask a question... receive a message from the soul's deep knowing.

## 3. Prasanam – The Ancient Way of Asking

Using your Nakshatra-Pada, I perform [divine prasanam readings](#) rooted in ancient wisdom.

Whether you seek an answer from the stars, ancestors, or dharma path, this method brings you deep, culturally sacred insight.

It is very common Kerala style prasanam called Nakshatra prasanam. Choose a number from

## 4. Akashic Record Whisperings

Some questions don't belong to this lifetime alone.

Through Akashic connection, I offer:

- Messages from your soul lineage
- Patterns from past lives
- Healing and soul direction

You may feel like something is missing. The records often hold the key.
